

# the LOOK<sup>®</sup> engineered sliding systems

## Canada Proud Specifications:

Protected by Patents & Patents Pending

### the LOOK<sup>®</sup> Frame System:

- Full Modular Alum. Extrusion
- 2 pcs. Sq. Interior Corner Casting
- Quick & Easy Tarp Replacement
- Part Number ID on Components
- Ship Modular Parts at Low Cost
- Less Than 5% Welding

### the LOOK<sup>®</sup> Up-Lift System:

- Free Standing Supported Arms
- Patented Dble Hinge Connected
- Reduced Tarp Corner Wear
- Applying Center Vertical Tension
- Eliminating Velcro Tarp Pockets

### the LOOK<sup>®</sup> 3 in 1 Tarpaulin:

- Three Body Components
- Quick & Easy Replacement
- Economical Advertising
- Perfectly Tensioned
- Independent Body Components

### Loc'N-Load<sup>®</sup> Rear Tensioning:

- Perfectly Tensions Tarpaulin
- Only (3) Main Components
- Fully Automatic
- Quick & Easy Operators Handle
- Retro-Fit Kits Available

### the LOOK<sup>®</sup> Track Redesign:

- Lower Profile Design
- Slide-In Stainless Steel Insert
- Internal Weather Seal
- Slide-In Undermount Light Bar
- Wiring Harness Protection Seal
- Max 28 Life-Time Wheels (48' Sys)

## “Canada Proud”

### Best Value at an Affordable Price –Guaranteed!

Reinvented, the LOOK<sup>®</sup> engineered sliding systems experience will change your Load Covering needs forever as we guarantee low maintenance, easy component replacement, affordable cost and longevity beyond your expectations.

Visit our new website [www.slidingtarpsystems.com](http://www.slidingtarpsystems.com) or [www.thelookslidingsystems.com](http://www.thelookslidingsystems.com) for the most comprehensive insight to our newest Modular Designs, Features and Benefits.

Reinvented, the LOOK<sup>®</sup> engineered sliding systems Base Model up to 100” Ht. includes:

- Manufactured to 107-3/4” outside width for greater internal width.
- Replacement parts ordering has become simple and shipping is now cost effective.
- Ground Level Crank Roll Up Rear Flap w/ side under mount crank storage.
- Modular Double Hinge Connected Up-lifting system –**Life Time Warranty!**
- Modular Tarp Connector Alum. Extruded Frame system –**Life Time Warranty!**
- Alum. Extruded Track w/ stainless steel insert – **Life Time Warranty!**
- (28) Nickel Plated Metal wheels – **Life Time Warranty!**
- Rounded Aerodynamic Bulkhead w/Man Door.
- Automatic Ground Control Front Locks.
- Automatic Rear Lock & Tension Mechanism – **Loc'N-Load<sup>®</sup>**
- Installed to any make or model of trailer.

**Fleet Price: 48FT** .....(We didn't reduce our price ,we reinvented our product).....\$ **12,999.99**

**Fleet Price: 53FT** .....(We didn't reduce our price, we reinvented our product).....\$ **13,299.99**

Reinvented, the LOOK<sup>®</sup> engineered sliding systems Base Model Package is everything a versatile fleet or owner operator requires to competitively service the load covering requirements of their customer's. (Maximum Pay Load Frame Height Options are available ranging from 101”-110-1/2” based on trailer configurations.)

the LOOK<sup>®</sup> engineered sliding systems will be available with a fully supported Parts Assembly Manual for easy identification of each component. Ordering of all replacement parts is made simple and shipping has just become cost effective because of the modular design.

**Stock Systems** : 48Ft Length x 107-3/4” Width x (92”&100”) Height in Black ready to go for those operators that have immediate load covering requirements.

the LOOK<sup>®</sup> is Protected by Canadian & USA Patents, World Patents Pending & Trade Marks.
